Selective Service Appeal Form

Federal regulations mandate that all male federal financial aid applicants be registered with the Selective Service, unless they are exempt. The Selective Service has not been able to verify your registration and because you are over 26 years of age, you are no longer able to register with the Selective Service.

In the space provided below, please explain why you did not register with Selective Service and then submit this form along with copies of the necessary documentation. Examples to support your claim are listed below. If you are unable to provide documentation that you entered the US after age 26, you must contact the Selective Service Administration at www.sss.gov and request a Status Information Letter. Please realize that your financial aid award cannot be processed until this information is received and reviewed by our staff. Thank you.

Signature: __________________________________________________________ Date: ___________

G #: ___________________ Date of Birth: _____________________

Please submit documentation to verify your claim. Acceptable documentation may include:

♦ Copy of your DD214 (separation papers from the military)
♦ I-94 (INS Departure/Arrival form)
♦ Verification of Dates (e.g. date you were no longer on a Visa and became resident of the US)
♦ Statement from a professional third-party who can verify your claim

Should you require assistance with this form, please contact our office at 703-993-2353.
